

ASHLEY GONZALEZ

ARCHITECTURE & INTERIOR DESIGN

I am an experienced designer and project manager in the fields of architecture and interior design. Since 2007, I have worked with private clients, agencies, and community groups to achieve their goals. Design and construction is a team effort, and I enjoy working collaboratively with clients, consultants, and contractors to design and build their dream projects.

EDUCATION

BACHELOR OF ARCHITECTURE

California Polytechnic State University
San Luis Obispo | 2009

EXPERIENCE

FOUNDER, PRINCIPAL DESIGNER

Inhabit Designs, LLC Present

Drawing on my experience in consulting for architecture firms and working directly with clients from 2018 to present, I have founded my own firm with the mission to provide design and coordination services that are focused on client needs.

OUDENS ELLO ARCHITECTURE

Project Lead 2014-2016 | Boston, MA

As a Project Manager, I led public library projects through design, permitting, and construction administration, working closely with clients, community agencies, and contractors at every stage of the project, from initial design through construction. I also worked on teams to secure grant funding and coordinate with community groups, local, and state government agencies.

STUDIO VARA

Project Designer 2009-2014 | San Francisco, CA

As Project Designer, I worked on teams developing skills in architecture and interior design from concept design, through construction and final delivery. My work focused primarily on single family residences, along with office space design.

TRAVIS PRICE ARCHITECTS

Intern 2007-2008 | Georgetown, VA

As an Intern, I worked through the research and design for the monument to James Hoban. Coordinating directly with the County Mayo Trail & White House Historical Societies. I also managed publications in book & news media.

SCITUATE PUBLIC LIBRARY

Project Manager

32,000 SQFT Renovation + Addition

Our design was geared to meet a growing community's evolving use of their public library. Light and circulation between spaces were the guiding design elements. New materials within the existing building gave a fresh feel and unison to the new addition.
